GGRC's New Service Development Priorities for 2024-2025

Regional Centers have the opportunity to submit a Community Resource Development Plan (CRDP) proposal to California's Department of Developmental Services (DDS) in order to request start-up funding for new service development. Start-up funding awarded to regional centers is determined by DDS. Information guiding the development of this plan was provided by GGRC's stakeholders (individuals receiving services, families, service providers, community partners, etc.) and GGRC staff. Any approved new services and associated start-up funding will be posted on GGRC's website and distributed in accordance with GGRC's Request for Proposal Process.

GGRC's request for start-up funding in the CRDP proposal will focus on the follow 2024-2025 priorities:
